

Beasley Tire Kingwood offers tires, batteries, roadside assistance with personal service

BY SUSAN MCFARLAND

Tribune Correspondent

If you are stranded at home or in the greater Kingwood area with a flat tire or dead battery, call Tire Buddy or Google our mobile app for fast service! With mobile service designed for the neighborhood driver, Beasley Tire Kingwood offers a fast and dependable service designed to keep your wheels rolling.

Tire Buddy provides tires, tire service and Interstate batteries on-site, all designed to keep you mobile. We are quick and our on-site response time averages 30 minutes or less in Kingwood. Service calls begin at \$39.95 for Kingwood, plus the cost of labor and product. Our target market

lies within a 10 mile radius of Kingwood. Included are Oakhurst, Atascocita, Eagle Springs, Fall Creek and Summerwood.

Beasley Tire, located on Loop 494 in Kingwood, is a one-stop shop for

tires, alignments, brakes and oil changes. Tire Buddy stocks hundreds of passenger and light truck tires and can access almost any tire within 24 hours. Tire brands include Michelin, BF Goodrich, Uniroyal, Bridgestone, Continental, Goodyear and others. Also carried in house is a full line of Interstate batteries, the best wiper blades available, and we also carry nitrogen as part of our tire service.

Owner David Beasley prides himself on offering a small-town feel at his shop. "We don't just sell or repair tires, or just do alignments, and our guests are not just clients, they are the best customers in town, who enjoy the friendly difference in service that only Tire Buddy can provide."

At Beasley Tire, customers are not just a number, we remember their name. Tire Buddy enjoys an 85% repeat customer base. Most customers know

our employees by name, as our average employee tenure is over ten years. That's hard to come by in a small business.

"We have tires for cars, trucks, trailers, ATVs, RVs, and a new commercial tire division is here as well," said Beasley. Customers who purchase tires at Beasley are welcome to return to the shop for free tire rotations and balance services, which include a regular checkup for vehicle vitals, such as: checking spare tire inflation, vehicle state inspection, early battery failure detection, brake friction replacement, four wheel alignment and more.

Beasley Tire has an interesting history and celebrates their 50th anniversary this year. Founded in 1968 by E.B. and Bobbie Beasley, they began operating their tire service from a service station in Houston. While E.B. passed away in 2000, Bobbie still resides in Kingwood.

In 2005, Beasley Tire was divided

into two separate businesses. David took ownership of the Kingwood location and Tire Buddy came to life. Look for a future family of Tire Buddies, as the story promises to be continued.

"You'll be seeing more of the family soon," says Beasley.

Looking to the future, Tire Buddy recently opened a new commercial tire service division dedicated to Kingwood. "We will sell and service any tire of any size in Kingwood, be it pick up, delivery truck, agricultural, material handling, heavy truck, solid or pneumatic. We are optimistic concerning our unique service on the commercial side as well," said Beasley.

For an appointment for mobile tire or battery service or in-store services, please call 281-358-8137. The shop is open and mobile service is available Monday through Friday from 8 a.m.-6 p.m. and Saturday from 8 a.m.-4 p.m.
